Who We Are

Formed in 1954, Craven Motor Club is an established motor club based in Berkshire, our membership spans far and wide.

Not only do our active members compete in all forms of motor sport, we are also a motor club highly active in the organisation and running of events, and are known throughout the country as being a motor club prepared to assist others, in essential capacities.

We are linked with and continue to support the Richard Burns Foundation. Richard was England's first ever World Rally Champion (2001) and a member of Craven until his untimely death in 2005.
